

Creative Star-Gazing: Summer 2014 Soul Camp Classes Online with Debbie Keil-Leavitt

Our on-going, primal work of art is a “movie.” When humanity began to see the star patterns moving across the sky on clear evenings they created stories that have lived through millennia in our mythology. We join them in this inspired act the 4th Tuesday of each month this summer, 8pm EDT/5pm PDT.

July Creative Star-Gazing: Red Hot Heat to Share Your Personal Gift

June 24th, 8 pm EDT/5pm PDT -- \$10 per person

In July our creative star-gazing is designed to find the best times to harness the Red Hot Heat to Share Your Personal Gift as Mars "kisses" the beautiful blue "Gift of the Goddess" star Spica, indicator of each person's "genius."

August Creative Star-Gazing – You as the Loving Leader

July 22nd, 8 pm EDT/5pm PDT -- \$10 per person

In August we draw in the energies for Loving Leadership each morning viewing Jupiter newly “reborn” and rising as “The Prince/Future Leader” with the loving, brilliant Venus. The sign of leadership, Leo is powerful and the constellation of the nurturing “manger” is activated.

September Creative Star-Gazing – Freeing Yourself by Exploring Your Deepest Passions

August 26th, 8 pm EDT/5pm PDT -- \$10 per person

In September Venus - the dazzling, brightest planet - will have disappeared from our pre-dawn skies for “Inanna’s Descent into the Underworld.” To the ancient Mesopotamian’s Venus was the powerful Inanna, and during this time she was exploring her deepest passions while discarding what she no longer needs.
